

## Fair Use Policy – NBN

### Introduction

Our customers should be able to use our services to express themselves and share information. But we also believe that there should be certain rules on how services are used to protect the safety and rights of other users and **AQUA NBN**. Our Acceptable and Fair Use Policy explains what those rules are and what action we may take if you breach them.

- create a risk to the health or safety of any person

### Respecting the law

You mustn't use your services for anything illegal or unlawful. This includes, but is not limited to:

- providing us with false account information
- hacking or gaining improper access to someone else's information
- spamming
- Transmission or storage of data infringing Australian laws, including pornography and viruses
