Information about Service and Pricing

Minimum term of the service

This service is available on Month to Month Plan.

Warning: International Calls and Roaming are barred by default on all connected services and available to credit approved customers on request with a \$200 advance fee. International Roaming is very expensive for all types of call messaging and data. If you are concerned about the cost of International Roaming, you should not enable this service and enquire about a local service in the country in which you are traveling. Customers who use International Roaming should be particularly careful about data roaming costs. Unless required, you should ensure data roaming is not enabled in your handset. International Roaming call charges normally take much longer to appear in your account. You should carefully monitor your usage to avoid high bills.

NO GPRS DATA Barring: Aqua will be notifying you once you will be reaching 50%, 85%, and 100% of your Monthly GPRS Data limit. **We do not place BAR for GPRS to stop your Mobile Data.** Once you will exceed your included DATA – the excess rate will be \$0.01/MB (\$10.00/GB)

NB: Once the included DATA will be over, you can contact to support team to buy more GPRS DATA Bolt ON.
